

Brooks Burgers Clean Environment Commitment

To all our valued guests, staff members and neighbors:

It's our commitment to be proactive in keeping a safe, and healthy environment during the COVID-19 pandemic.

We plan on remaining open and will be offering a new curb side take out option so you can remain in your vehicle while we deliver the food to you.

Please, help us by staying home if you're feeling sick or uncomfortable.

Brooks Burgers is committed to the following Clean safety measures:

- We will be disinfecting all door handles, tables, chairs and common touchpoints with fresh towels regularly thru-out the day
- Our employees will be wearing gloves, and are instructed to use bleach wipes on all counters and tabletops
- As always, we have hand sanitizer dispensers for our guests by the entrance and exit doors
- Our staff has (2) two hand sinks, and 2 sanitizer dispensers in the counter area and kitchen and are instructed to use them repeatedly after preparation of orders
- Our staff will remain educated on the daily precautions recommended by SLO Public Health.

Common courtesy habits recommended for everyone

(Especially the Brooks Burgers Staff)

- Always cover mouths when coughing or sneezing with tissue or at least with arm sleeve
- Wash hands often, and especially after sneezing, coughing, or human touch
- An elbow bump or just a friendly hello is the norm now instead of a handshake
- If you are feeling sick -stay home
- Practice "Safe Distance" etiquette

We hope all of you stay Healthy and contact free!

The Brooks Family
